

M.R.F. Supervisor's Monthly Report May 10th, 2013

The jobs done by the crew at the M.R.F. for the month of April include:

Accepting incoming rubbish
Sorting recyclables
Crushing glass
Baling recyclables
Working on the electronics
Sorting old paint
Dealing with the Haz-Mat
Working on the exchange
Plowing and moving snow
Sorting the scrap metal
Working on the equipment
Smashing the demo and metal boxes
Trying to clean up the grounds between snow storms
Cleaning the shop
Servicing the equipment
Starting to get set up for summer (if it ever gets here)
Working with the D.N.R. on reporting
Answering numerous phone calls
Plus our daily routine

Additional info:

1. I will be setting up the work in the shop this week. New lights and electrical outlets. We will be setting up the new wire stripper at the same time.
2. I am going to contact the people at ATT. We continue to have problems with sub-contractors working on the cell tower. It seems they think ATT owns the entire property here at the M.R.F. It is my understanding that ATT and Verizon only lease the land the tower sits on. We are to be sure that access is can be had at all times. If I continue having problems and need Town Board assistance I will let you know.

Respectfully Submitted,

Ted Pallas Supervisor, M.R.F.
